LEAVING
OUR
MARK

Sands High School

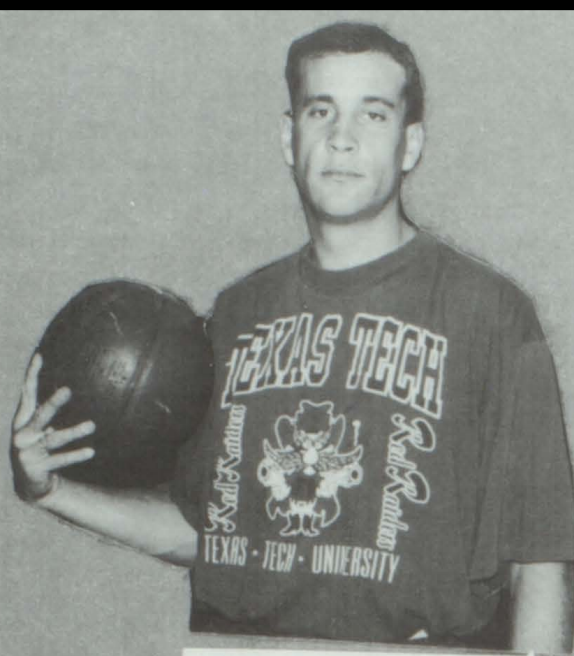

*To this place and the kindness
of these people, we owe everything.
Here we have spent 13 years, and have
passed from young children to adults.
Here we have lived most of our lives;
and here one is buried.*

*We now leave, not knowing when or
whether we may ever return.
With a task before us greater than
life itself, we are now about to depart.
Through the lives we have led,
we hope we are LEAVING OUR MARK.*

SUPERINTENDENT

DR. DONALD E. BRYAN

The 1994-95 school year has been very productive and smooth. The following poem reflects the important meaning of this annual.

When the fire of your life is an ember
And the days of your youth have fled
You will never forget to remember
As long as this annual can be read.

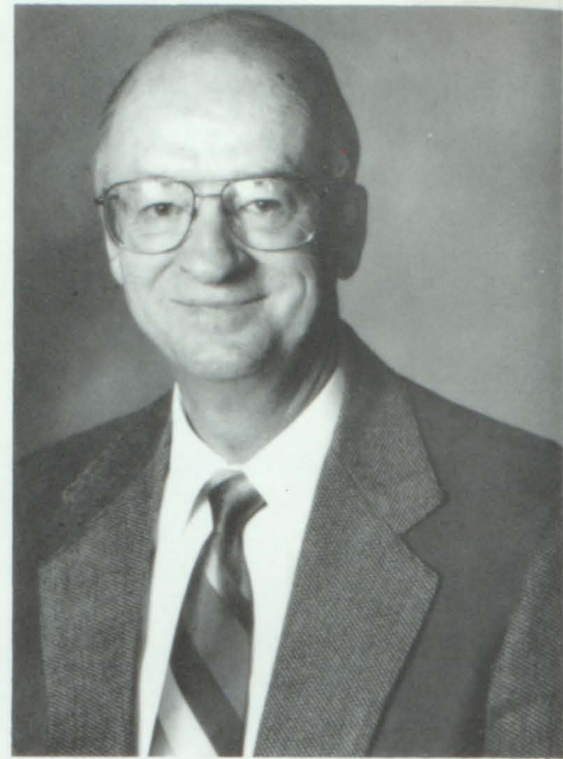

The annual staff has put here the wondrous story
In writing, in pictures, and song
All things that brought you glory
Events that went right and went wrong.

Your schoolmates will live on these pages
Through whatever they have written or done;
You will treasure their laughs and their rages
In this annual of school day fun.

May God watch over and care for you.

Sincerely,

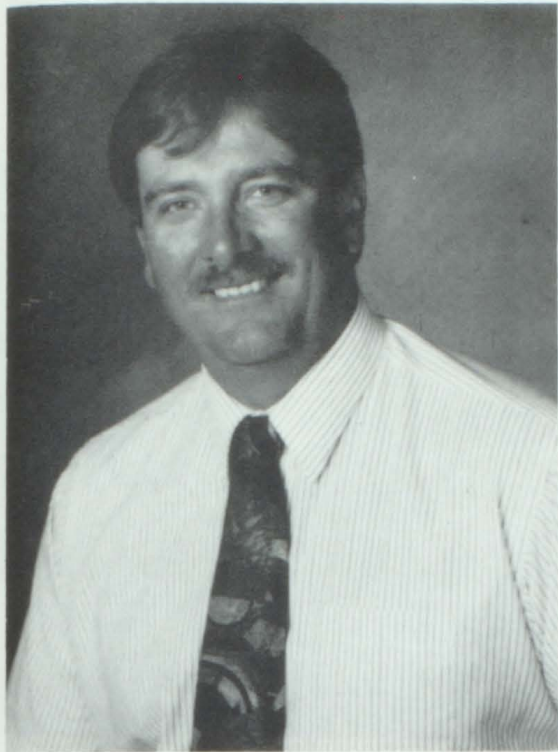

Donald E. Bryan, Ed.D.

BILLY BARNETT

As you make the transition from high school to the world outside, you will need to use the skills that you have acquired here in high school. It is an ever changing world in which you will have to call upon all of our resources to ensure your success. The world that you are entering is not the same world that your parents entered when they left high school. The world that you are about to enter may not presently have the jobs that you will eventually have. It is necessary that you are able to adjust to new ideas and ways of looking at things. Just because you have received your diploma doesn't mean that you will stop learning.

I hope that each and everyone of you will make a contribution to our future, and that every one of you is successful in whatever field you choose. Don't let anyone tell you that you can't be successful. You must seek out opportunities and take advantage of them. Opportunity is said to come knocking only once; when it does, seize the chance. No one is going to hand you everything on a silver platter; you must be willing to work hard to be successful.

Don't be afraid to set goals and dreams. No one has ever failed to achieve a goal; the problem is that their goals changed and shifted. Use the knowledge that you have acquired here in high school to make your transition a successful one. This education is something that no one can take from you. I will leave you with one question: Can you look into the sky at night and see beyond the stars?

The best of wishes and good luck to all of you.
