Don't grow up to be cowboys

little on the trashy side

Hey Baby, did you when you fell from heaven?

pa Fly!

Wrangler butts drive me nuts!

OOO, is that ice cream?

Daddy, when is my Baywatch audition?

Humpty Dumpty sat on a wall ...

Gillette, the best a man can get

Oh! What a tangled "Webb" we weave ...

Hercules! Hercules!

"back in the 50's"

If I had a hammer

Return to sender

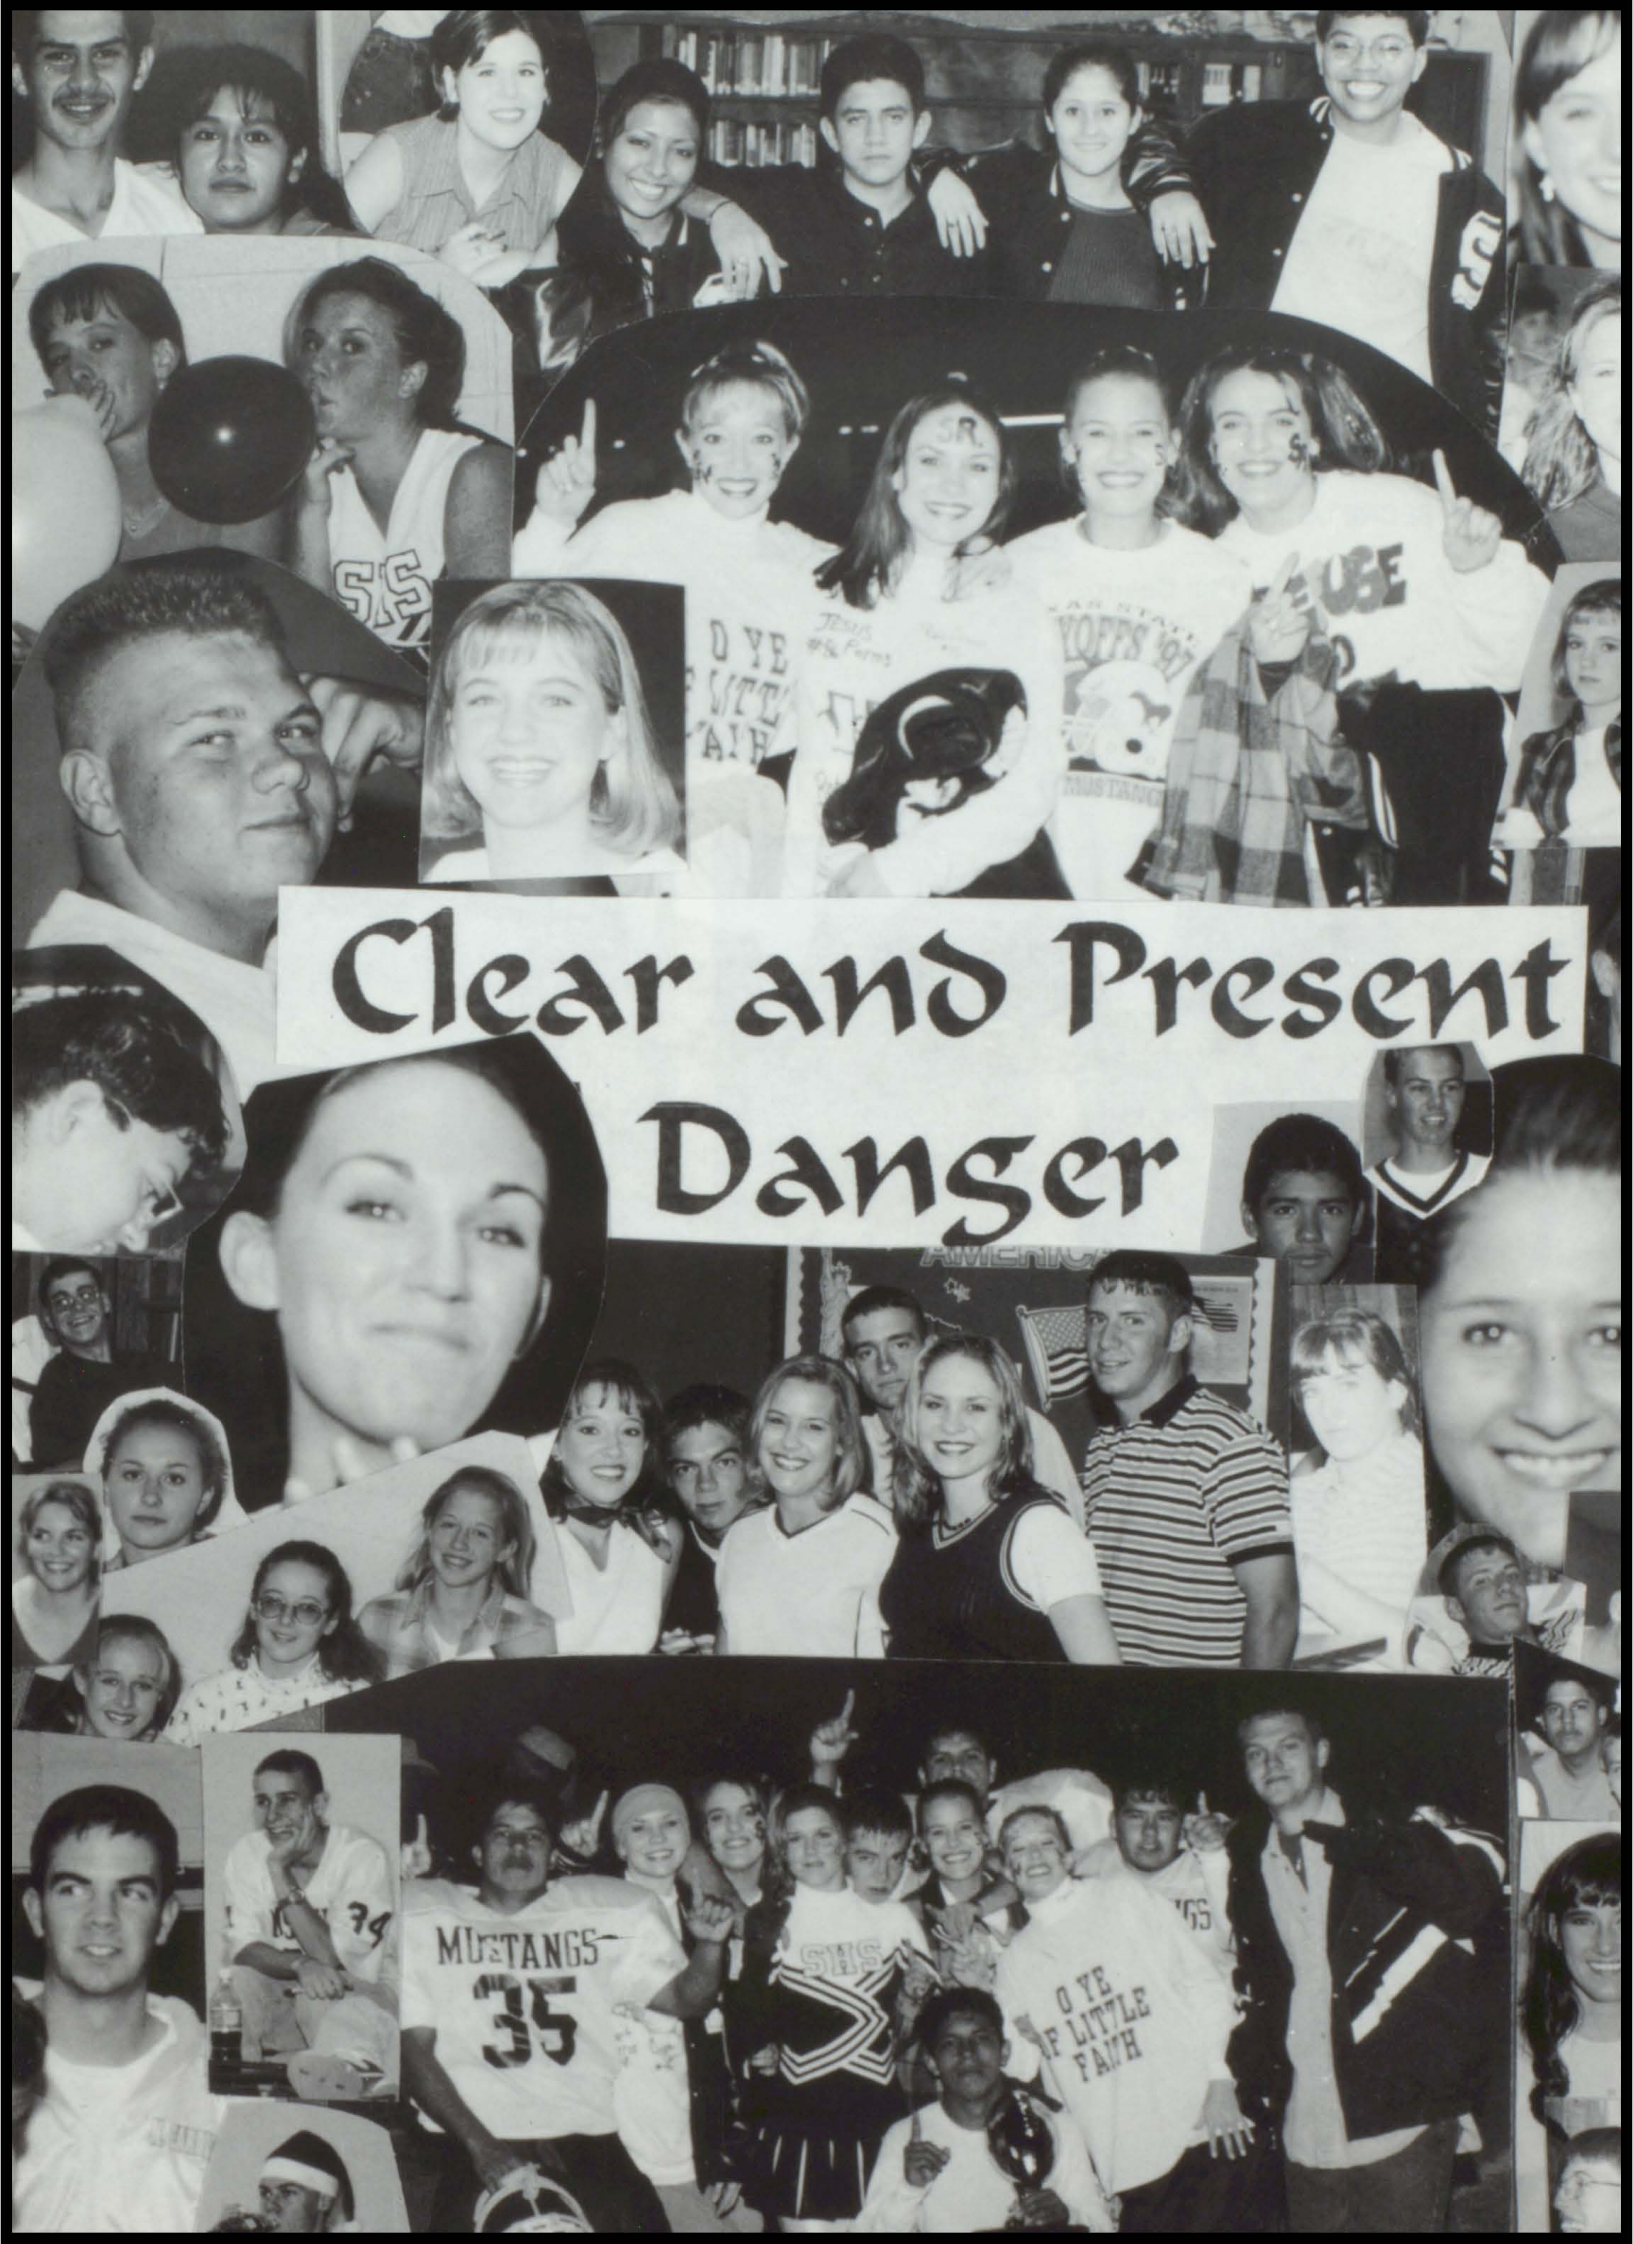

I'll pull out my nine and bust a cap

Umm, is that wood?

Just what I wanted

I don't want to grow up!

Nothing runs like a Deere

Clear and Present Danger

STUDENT COUNCIL PRESIDENT

KATIE GASKINS

Thank you to the Sands Student Body for allowing me to serve as the Sands Student Council President. Having been a member of the Sands Student Council for all four years of my high school career, I know that it is an honor to be selected to this position. Each and every one of you has helped me in some way over the years but especially this year. Your kindness and generosity have not gone unnoticed. To the teachers here at Sands High School, I would like to thank you for all of your hard work and dedication to teaching the students. I would like to give a special thanks to Mr. Skiles, the Sands Student Council sponsor. This year would not have been the same without him.
Thank you once again.
Sincerely,

Katie Gaskins

SUPERINTENDENT

DR. DONALD E. BRYAN

Seniors:

It has been my pleasure to serve as your Superintendent for the past six years. I have watched each of you grow and mature into adulthood. In my memory, the 1997-1998 school year will be remembered as an outstanding year because of your leadership and your many accomplishments in academics and athletics.

I am confident that you will succeed in your every endeavor.

Congratulations on the 1998 Annual.

Sincerely,

Dr. Donald E. Bryan

Congratulations, Seniors! You have been successful in completing the most important 13 years of your life. As a group you have accomplished many things.

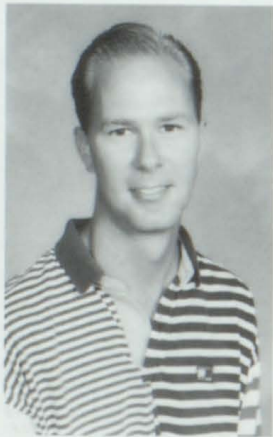

You have won many championships in the classroom and in athletics. You have made many friendships that will last a lifetime. You have made your family, friends, and faculty proud of you. But, what have you learned? Are you ready to accept the next challenge that awaits you? Have your 13 years in school prepared you for the next step in life? I think that you are ready, but you are the one who has to answer the questions. Can you think through problems that will confront you in the future? Are you going to be responsible enough to hold a job, attend college, or to raise a family? Only time will tell.

You have received a great education at Sands. Now go out into the real world and use it. I would like for you to remember a couple of things: You only get out of life what you put into it. If you only halfway do something, don't expect to get the full return. Also, family comes first. As you grow older, your friends will get further away, but your family will become closer in the heart. Good luck to all of you and God Bless You.

ELEMENTARY PRINCIPAL ZELDA BILBO

No matter how intelligent or able you may be, if you don't have a sense of urgency, (a sense of urgency about getting things done) now is the time to start developing it. The world is full of very competent people who honestly intend to do things tomorrow, or as soon as they can get around to it. Their accomplishments, however, seldom match those of less-talented people who are blessed with a sense of the importance of getting started now.
