F. F. A. CLUB

Ramona Rodriquez is tops in English I,
When it comes to making grades, that gal is not so dumb.

As for Bernell Fryar, she rates in English II,
When it comes to making A's, she makes quite a few.

Wilda Raspberry capped the award in English III,
She'll be an English Professor, you just wait and see.

Jean Hollandsworth earned the medal in English IV,
In Literature themes she can really score.

When our runt, Grady Grantham won this prize,
The General Science class was really surprised.

Edna Harrell carried the Biology I award off.
To you Edna, our hats we do doff.

Bernice Mundell surprised quite a few,
When she carried off the award for Biology II.

To every classmate it was quite a mystery,
When Leona Lancaster won the award in American History.

Ann Spalding caught the award in Typing,
About this presentation there can be no griping.

Wanda Roman was announced for the Civics prize.
This honor came as no surprise.

For the Bookkeeping whiz, 'tis Shortie Airhart.
That boy's a go-getter right from the start.

Donnie Roman got the award for VA I,
When it comes to escaping horns, he sure can run.

Donnie Chapman found himself with VA II,
Don was disappointed! "They'll think I'm smart and that's untrue".

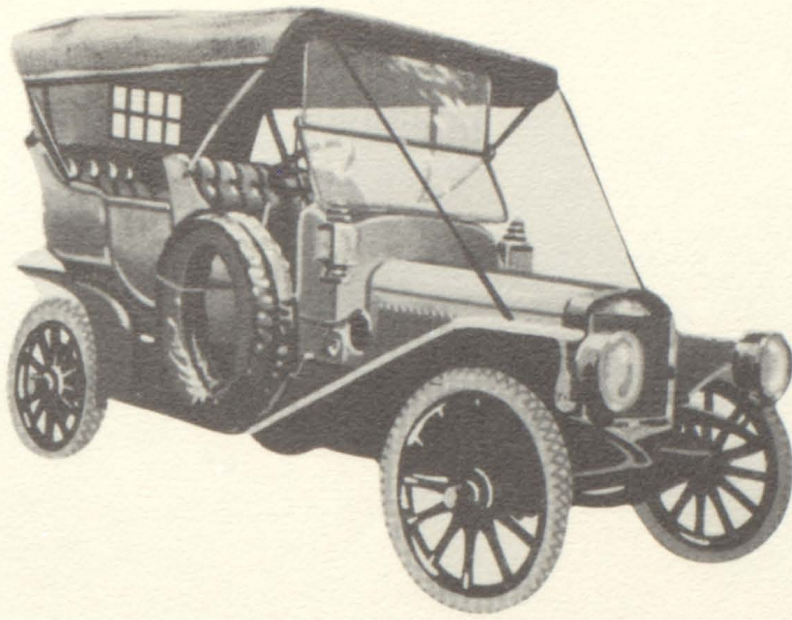

In Geometry, with squares, arcs, parallels and triangles ture,
Carol Robinson can construct them and often prove them too.

How it could have happened, we will never know.
But Edwin Ditto learned Algebra well enough to win the show.
