E.

Dear Students,

The country is looking to you young people to do great things. "To whom much is given, of him shall much be required."

We live in one of the few remaining countries of the world in which graduating students inherit the right of election--the right to elect where they shall live; what kind of work they shall do; who shall govern them and how; who shall tax them and how much; the right to elect what they shall think and how they shall worship God.

In preserving this great heritage during these days of grave crisis, there is nothing more important to you--to all of us--than an educated citizenry. Liberty is born in the home, strengthened in the church, made wise and durable in the school.

May your remaining years in elementary school, high school, and college not only be pleasant but also enable you--now and always--to capitalize fully on your opportunities for learning and service.

Johnny Clark, Jr., Supt.

IN MEMORY OF

Ed Hall,
who was loved by everyone.

DEDICATION

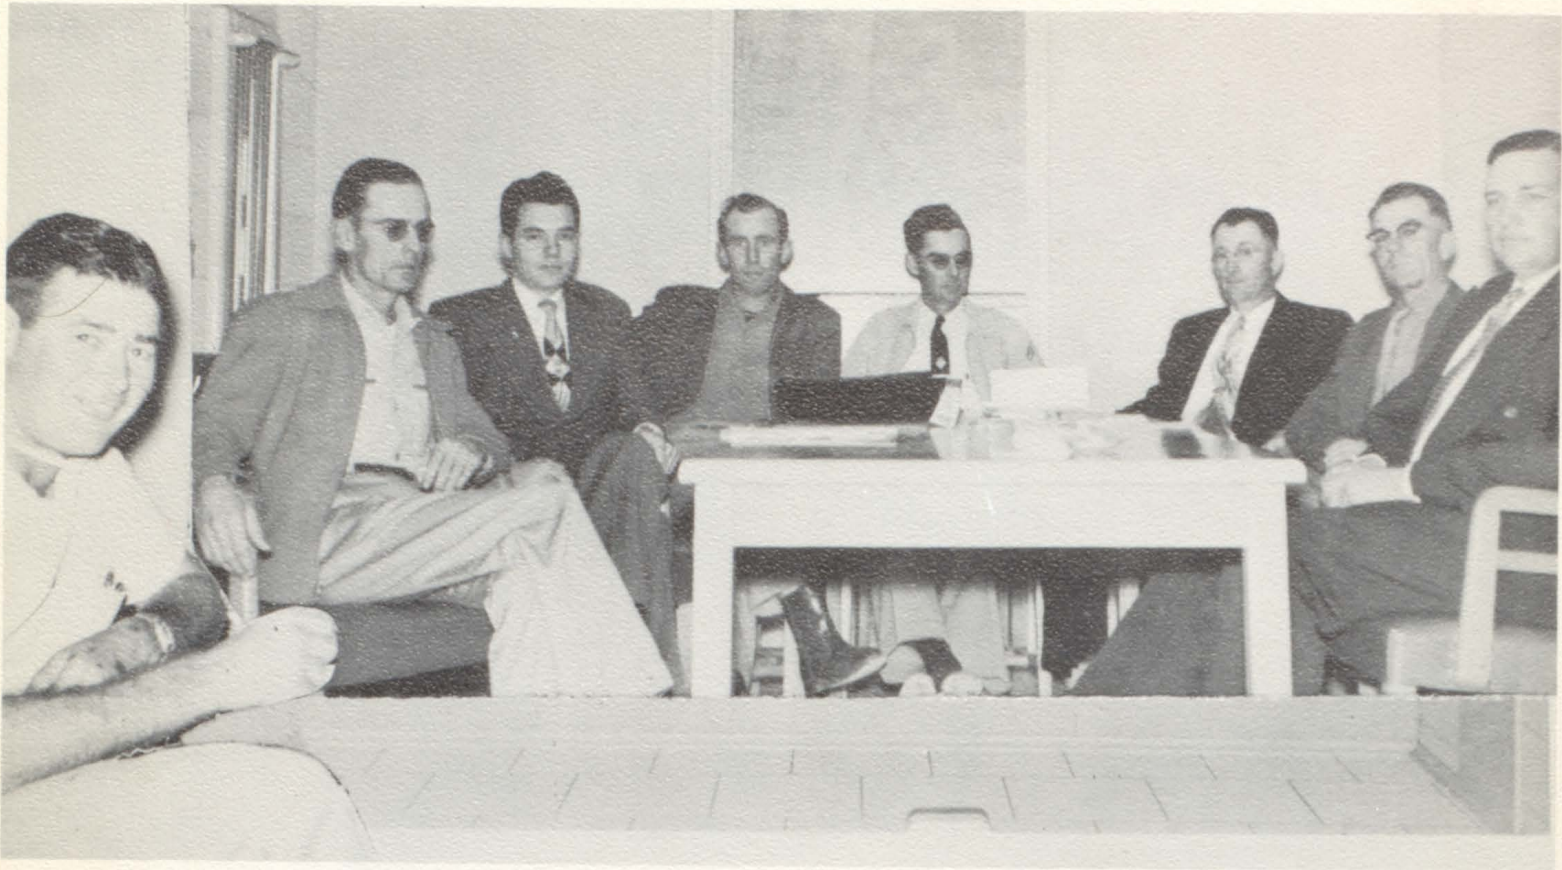

Mr. A.H. Smith

Because of his ready smile
and aggressive optimism--

Because of his patience and
an understanding of the needs
of the student--

Because he is a stalwart
Christian gentleman--

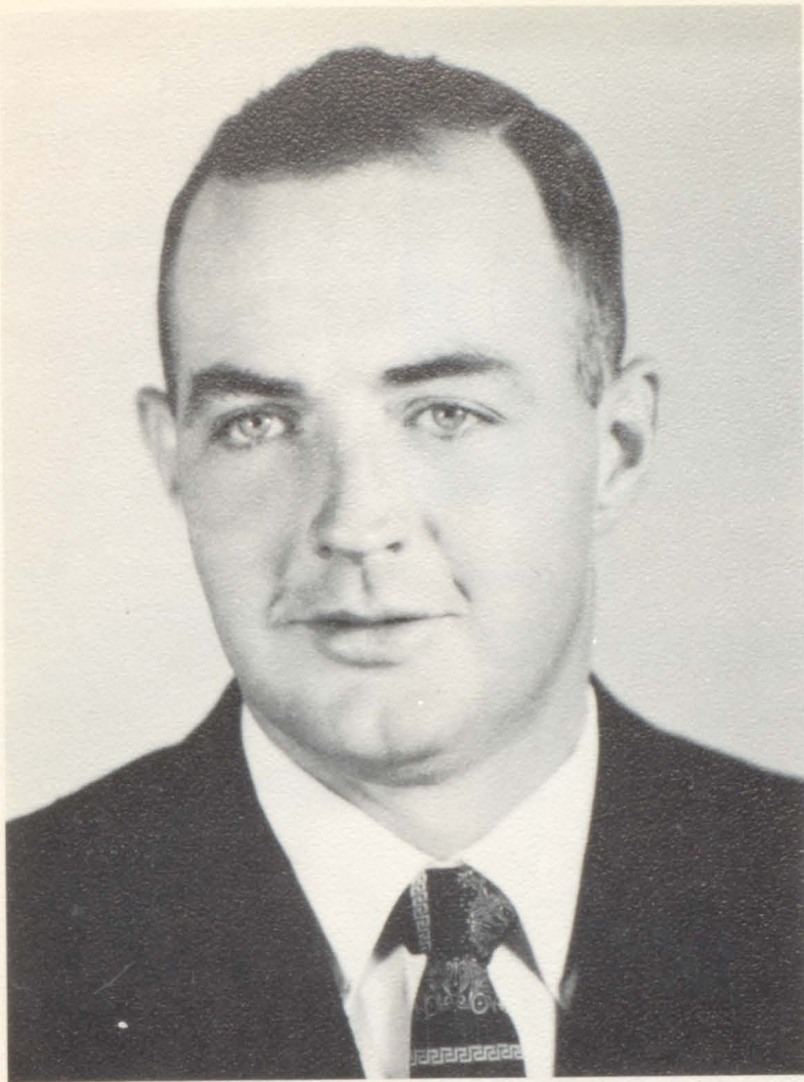

We, the staff of the 1956
Eagle, dedicate this book
to him.

BETTER LIVING . . . At Your Fingertips

Dependable, low-cost electric service helps make possible nearly every modern convenience you enjoy in your home today. When you want light . . . or radio or television entertainment . . . or when there's housework to be done . . . you flip a switch and Reddy Kilowatt goes to work. He works in factories, too, helping each worker produce more and do his work easier. Reddy also helps in stores and offices, operating modern equipment that makes business more efficient . . . and jobs more pleasant. It is the job of the men and women in Texas Electric Service Company . . . your friends and neighbors . . . to provide the electric service that helps you in so many ways.
