

THE MUSTANG

May 7, 1960

Judy -

I don't really know how to begin. It seems we have done so much together these past almost 17 years. To you, remember, when we used to play "hospital". Especially one time when we used a pillow as a pillow. I hope we can go to school in the same town because after next year we won't see so much of each other. I bet we never forget all the times we had this last summer, and also all the times we have ridden around and talked. What we are doing when I washed my fingers. I know you will always have your good personality, which will take you far in life. I hope in the future we can keep in contact with each other. May you always have the best of everything. I hope this play will be a smash hit. I certainly have had a ball with you this year. Maybe someday we will learn to walk ^(please) (remember). Be sweet always.

Love you lots,

Judy
