To bring forth on these pages

The golden moments of time

Just past.

It is our wish to walk again

The paths of achievement, fun,

Victory and tears.

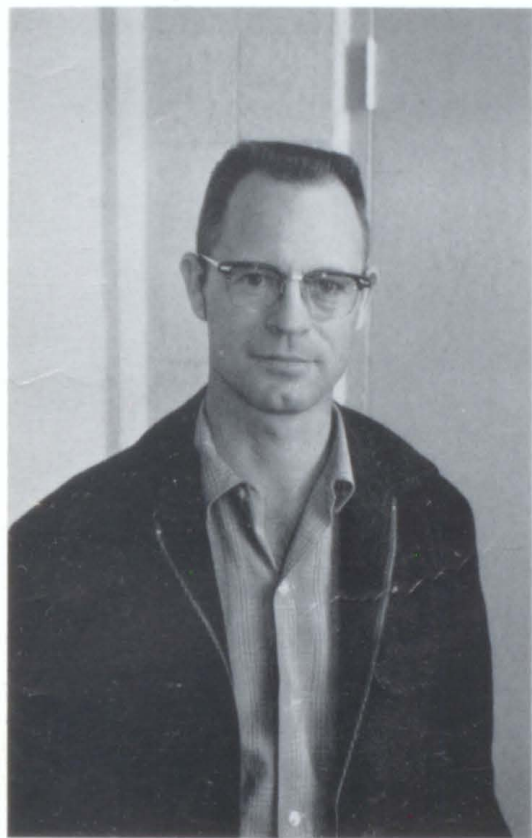

We set them all before

You - - -

We dedicate
this book to

MR. M. B. MAXWELL

In years to come when you pick up this book and turn to this message, I trust that your memories of me, your school, and friends will be pleasant ones.

Life is a wonderful thing here on earth. It can take you to the utmost heights, or down to the darkest gloom, and it is up to you students to make life happy for yourself and those with whom you come in contact from day to day.

Life is one continuous battle. Some of the battles we win, and some we lose. In every instance we find we win if we have done our best in the attack of all problems. How one attacks the problem of today will determine the success he will have tomorrow. The world respects a fighter and despises a quitter. A person should make up his mind today what he will be tomorrow, a fighter or a quitter.

MR. BILL UNDERWOOD

Seniors,

Time has a way of dragging with young people to the extent, at times, a day seems like an eternity. Your four years in high school have probably seemed endless to some of you. Later in life, when an hour appears to be only a few minutes long, you will look back upon your high school days and think of those four years as the best four years of your life.

We have tried to make those years profitable ones for you, and at the same time, happy ones. Only time will tell whether we have been successful, and only you can be the judge of that success.

Bill Underwood
