

Individual Camp: Guards and Posts

On June 24th we will offer a 1 day, individual basketball camp for both guards and posts. The instruction will be position specific and you will be shown specific drills for the position you play. This will be open to all students, grade 5-12.

The instructors who will work with the players were both college Basketball players and are current High School coaches. Rocky Feliciano is the current coach at O'Donnell High School and he played at Sul Ross State where he was an All-Conference player as a guard. Caleb Thomasson is a coach at Hamlin High school and he also played at Sul Ross where he was All-Conference and All-American. Both can offer insight and drills into becoming better individual players through skill specific instruction that will benefit players of all skill levels.
