Limit restroom and monitor closely.

Lunch room – need students cleaning up own messes. Have students wipe down tables. (LD kids will do this and if none ... pick some)

Report any maintenance issues on a form that is placed in Amy's office.

Hallway Floors and entrances clean. Please clean up messes and let Chris/janitors know if you see an issue on main floors.

Janitors will be on a schedule and will possibly need to come into your room during your conference so be prepared for that.
